EMPLOYERS URGE MEN TO STICK

Independent Steel Companies Appeal to Men to Remain Loyal to Open Shop Which Treats Them Well.

By Telegram to The Freeman.
Youngstown, O., Sept. 19.—Presidents of three big independent steel companies, employing 27,000 workers today appealed to their employees to remain loyal and continue work on and after September 22. The appeals were issued in pamphlet form, printed in nine languages and will be distributed to the men today and Saturday.

In each case it is stated that the policy of the "open shop" will be continued.

The statements were prepared by President James A. Campbell of the Youngstown Sheet and Tube Company, President W. A. Thomas, of the Briar Hill Steel Company and President Thomas J. B. Ray of the Republic Iron and Steel Company. Both the Briar Hill Steel and Sheet and Tube Companies point out that under the open shop policy an employee may or may not as he chooses, belong to a labor union but it is not necessary for an employee to join any such organization to retain his job.

President Campbell states that "the employee representation plan now in effect throughout the works provides communication and means of contact between the men and management on matters pertaining to industrial relations. The companies will continue to deal with the employees under the provisions of this plan. It is the intention to operate the plan Monday, September 22 and thereafter the same as usual."

President Ray states that under the company's open shop policy the practice will be continued, "of the company to meet its employees either individually or by committees to discuss any matters affecting working conditions, wages, etc."

President Thomas states that "in justice to all of our employees we have followed the policy of an 'open shop' in the past and this policy will be continued. As employees of this company, you have always enjoyed a square deal and this company will continue to deal with its employees as fairly as it has done in the past. It is the desire of this company to operate its plants Monday, September 22, the same as usual and we would therefore call upon every employee to evidence his loyalty by reporting for work and conscientiously and energetically doing his duty so as to continue operations and thus preserve the property."

Special deputies have been sworn in by Sheriff Ben Morris to assist in preservation of order.

The Sheet and Tube Company operates plants at East Youngstown, Youngstown, Hubbard and Struthers Ohio. The Briar Hill has plants in this city, Niles and Warren. The Republic Iron and Steel has its principal works here and plants in Indiana, Illinois, and Birmingham, Ala.

Plans have been developed by the unions to picket the plants next Monday. Union leaders claim the companies have the mills thoroughly garrisoned.

Foreign language papers today advised their readers to refrain from any violence.

GOVERNOR MAY REVIEW PARADE

The welcome home committee having charge of the celebration for the boys who were in the service from the county, to be held in Kingston on October 1, have expectations of having Governor Smith here on that day to review the parade. William M. Davis, Captain Fowler and Mayor Canfield, the committee appointed for the purpose, waited on the governor Thursday. Because of certain legislative proceedings the governor was unable to give a decided answer at this time. He expressed his deep interest in Kingston and Ulster county and his appreciation for the service rendered by the boys from the county in the war and is very anxious that all possible honor be shown them. The committee also expect various men high in the military service to be present to add to the prestige of the occasion.

Sagehen Considered Ferry.

The Saugerties Business Men's Association heard a report Tuesday night from its ferry committee. The committee reported results of its visit to Catskill and North Hero, Vt. and stated that while negotiations were under way both boats were sold. The North Hero boat to the Standard Oil Company and the other to the village of Catskill. The committee was contacted and an appropriation made to advertise in a marine journal for a ferry boat.

Alton Men Hurt.

While engaged in the cleaning of a cement conveyor at the Alton cement works, yesterday afternoon at 3 o'clock, Charles Patten, an employee in that plant, suffered severe lacerations of the first, second and third fingers of his right hand, contusions over the right shoulder and cheek and a cut on his head. The injured man was picked up by fellow employees, who sent immediately for Dr. D. W. J. Wagner of Catskill, who dressed the injuries.

UNUSUAL ACTION IS ON TRIAL

Charles V. Livingston Brings Ejectment Suit Against O. & W. R. R.—Would Eject Railroad at Livingston Manor.

An extraordinary array of legal talent is engaged in the trial of the action of Charles Victor Livingston against the O. & W. R. R. before Justice Nichols in the supreme court at Monticello this week. The firm of Dean, Tracy & McBarren, with Ellsworth Baker, of counsel, appears for the plaintiff. Judge Clearwater, of Kingston, C. L. Andrus and Joseph Rosch, appear for the defendant.

The action is in ejectment and is being tried before a jury. There is a 200 acre farm at Livingston Manor, through part of which the O. & W. line has run for 40 years. The plaintiff an heir of the old Livingston family for whom Livingston Manor was named, contends that this farm was the property of his forebears and has never wholly passed out of the possession of the family and seeks to oust the railroad in an effort to settle the matter. If the present suit succeeds others who are now using or a possession of parts of the old estate will be asked to settle on a similar basis it is expected.

The suit will probably occupy most of this week and may run into next week.

Plaintiff's witnesses so far have included John H. Livingston, Sarah E. Livingston, Charles Victor, Livingston, Mr. Livingston's success in the action seems to hinge on the validity of a warranty deed executed by his father, Charles Octavius Livingston to Medad T. Morris. If this deed is held by the jury to be valid then the railroad is all right and several dozen individuals who held property by virtue of that transfer are right. If the deed fails then the most remarkable situation in realty ever brought about in these parts is created by the verdict.

The reason the deed is attacked is this. The original occupant of this tract of 200 acres now in dispute, was Dr. Edward Livingston who came up from New York and made his own home on the farm which he had received as part of his inheritance, under the law of primogeniture then prevailing. This Dr. Livingston was a nephew of Robert R. Livingston who in 1749 had acquired five-sixteenths of what was then known as the Hardenbergh patent which took in the larger portion of Ulster, Sullivan, Delaware and Greene counties. This vast domain was granted to Johannes Hardenbergh and his associates in 1708 by Queen Anne. Under the law of primogeniture the oldest son entered into possession of his father's estate. Thus it came about that Dr. Edward Livingston, a New York physician, came up to Sullivan county in 1824, the owner of 200 acres of tract where the village of Livingston Manor is now located and where the O. & W. Railroad tracks run.

The constitution of the state of New York it is alleged was changed in 1846 annulling what was known as the law of primogeniture. On this point a bill made by Dr. Livingston in 1852 is attacked.

This will it is alleged was made six years after this law was made void in New York state. Under the will the doctor left the life use of Livingston Manor tract to a nephew, Charles Octavius Livingston. At the latter's death it was to pass to his eldest son and in case Charles Octavius Livingston died without issue it was to go to the eldest son of another nephew.

Dr. Edward Livingston died in 1864. Charles Octavius Livingston then passed into possession of the property. He was then unmarried. In 1871 Charles Octavius Livingston sold the property to Medad T. Morris. Morris received a warranty deed. Charles Octavius Livingston afterwards married. A son, Charles Victor Livingston, who is bringing this suit, was born in 1873.

In the meantime Mr. Morris had been sold out under a mortgage he had given on the property. Different parties bought lots and portions of the property. The village of Livingston Manor was located there and the O. & W. Railroad crossed the farm.

The present plaintiff claims that the old will precluded his father from selling the property and that his claim is valid. If the courts so hold in this case suits to eject other occupants are likely to follow. It is an unusual case and is attracting considerable attention from members of the bar especially not to mention those interested at Livingston Manor.

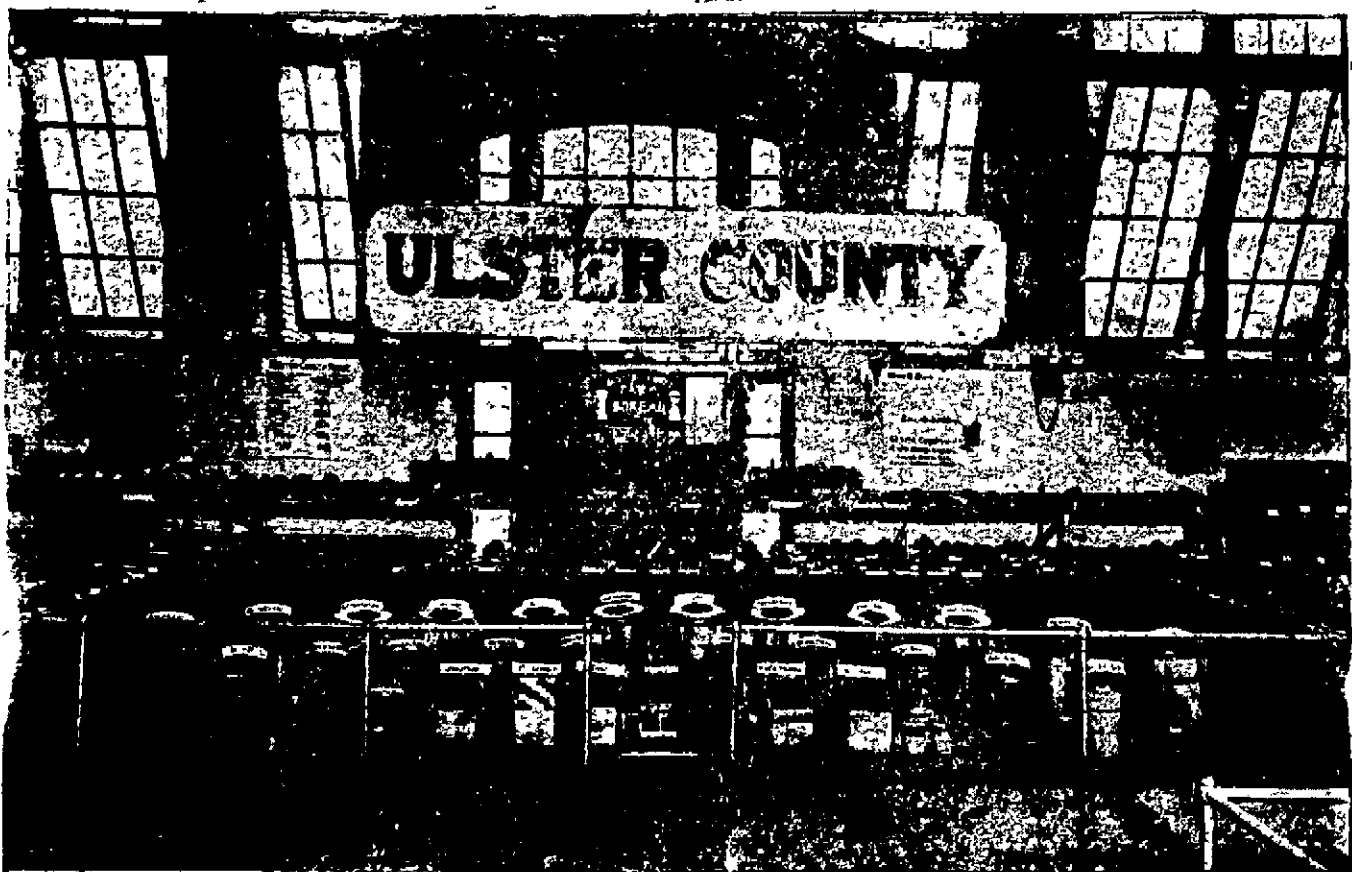

Robbers Arrested.

Officer B. R. Whitaker of Saugerties arrested two hoboes on Tuesday and locked them up. They were suspected as being two of the escaped prisoners from Catskill jail. The description furnished by the authorities, however, did not tally with that of the men, and later they were released. Both claimed to have been working on state road jobs, and showed time checks.

Wall Report Progress.

The sidewalk committee is now busily engaged watching the tearing out of the front wall of the Ulster County National Bank on Wall Street.

ULSTER COUNTY FRUIT THAT WON FIRST PRIZE AT 1919 STATE FAIR

Ulster county Fruit Exhibit at State Fair, September 8-13, 1919, erected under the auspices of the Ulster County Farm Bureau Association winner over fruit exhibits of Orleans, Ontario, Monticello, Seneca and Dutchess counties.

The above cut gives some idea of the arrangement of the winning exhibit of fruit at the New York state fair where Ulster county fruit for the second time carried off first honors, but does not give a clear idea as to the amount of each kind of fruit which was exhibited. There were 145 plates of apples, representing 75 varieties, 96 plates of grapes, representing 50 varieties, 36 plates of pears, 16 plates of peaches and 16 plates of plums.

In addition to these plates there were 22 varieties of apples shown in commercial packages and also a few varieties of peaches, pears and grapes were shown in commercial packages in which they are commonly shipped to market.

The color scheme of the entire exhibit was wonderful and the arrangement of the commercial packages was very effective and caused great comment. Many people remarking as to how the Ulster county fruit growers secure such color on their fruit, and many visitors stopped to secure the names of growers of whom they could buy fruit. The greener varieties of fruit were arranged in the center with the higher colored varieties sloping off toward the end with the highest colored varieties on the extreme end.

Both in quality and commercial value Ulster county scored perfect. The standard score was used in judging, 40 points being given for quality; 20 for commercial value, 20 educational value; 10 number, 10 varieties; 10 pomological Ulster county scored the full amount for quality, commercial value and number of exhibits and came off with a score of 97 as compared with the following scores of the other exhibitors.

Orleans, 92; Ontario, 86; Monroe, 84; Seneca, 78; and Dutchess, 72. U. P. Hendricks of the Geneva Experiment Station and also president of the New York Horticulture Society judged the county exhibits. Mr. Hendricks remarked that the Ulster county exhibit was the best fruit exhibit he had ever judged.

The exhibit was one of the most complete ever shown with perhaps the exhibition of exception of peaches. Several growers of peaches who had promised to have commercial packages ready for the exhibit failed to have them packed. The few exhibits of peaches, however, were of fine quality but were all too few in number.

A sample of the fruit which carried off the honors at the fair can be seen in the windows of the Bureau in lower shop on Fair and Main streets, where they are on exhibition. David Burgerin is secretary and treasurer of the Ulster County Farm Bureau and is anxious to give the Ulster county people a chance to see the high grade of fruit which appeared at the state fair this year.

The members of the Farm Bureau who were at the fair and helped Manager Cochran arrange the exhibit were called upon to answer many a question in regard to the Ulster county fruit and the Ulster county fruit section. Several times the remark was heard that the Ulster county exhibit was the "prettiest exhibit at the fair grounds" and many people stopped to ask if some of the fruit, which was high color rather than high quality is to be found. Many people expressed the opinion that they did not know any such fruit was grown in New York state and were surprised to hear that Ulster county had such a fruit growing section.

Ulster County Growers Also Win.

About one-half of the prizes offered to individual growers were captured by Ulster county fruit growers who had entered individual exhibits. The successful exhibitors in Ulster county were Clifford Hard of Clintonville, C. J. Heworth of Milton, J. Wells Weaver of Clintonville, and A. C. Mackay of Milton.

WHEN FIRE BELLS STRIKE SEVEN THIS EVENING IT WILL BE EIGHT

The Veils Will Drop and Kingston's Gloomy Store Windows Will Blaze Forth in Their New Fall Display of Everything, From a Toothpick to a Touring Car.

And by the way, this is not being considered in the light of a "Fall Opening," you notice. The Kingston merchants are leaving the "Fall Opening" business to Dame Nature and her chestnut crop. There will be no "chestnuts" about the displays tonight, that's sure. Every one of the one hundred and thirty-one merchants whose windows will be unveiled tonight are doing their level best to convince the people of Kingston and the immediate surrounding country that there is no place quite as good in which to purchase anything from a paper of pins to a grand piano; from one good fresh egg and by the way, the best of fresh eggs are now selling by the "one"—to a full course dinner with all the accompanying table appointments, from a pair of shoe strings to a complete full outfit of clothes for men and women and children; from a can opener to a kitchen range; from a paper of tacks to an automobile; from a package of toilet plaster to a bottle of the most expensive imported perfume, etc., etc., ad infinitum, as in Kingston. That's what the merchants are doing, so it's up to you to "fall to" and "fall to" for this big fall display week, which begins tonight when the fire alarm rings seven, and the windows are unveiled at 8 o'clock promptly. Be on hand to see the big show along our business streets.

O. B. U. MOVEMENT STRIKES NEW YORK

Effort to Form One Big Union of All Municipal Employees, Including Police and Firemen.

By Telegram to The Freeman.
New York, Sept. 19.—A move to form "one big union" of municipal employees in this city, including the policemen and firemen, and later affiliate with the American Federation of Labor, is in full swing here today, following a closed meeting of thirty representatives of 15 organizations of city workers here last night.

Burt L. Schneider, who was described as the president of the Union of Technical Men, who presided, issued a statement on behalf of the 30 representatives, calling attention to the reluctance of the New York city officials "to adjust wage scales, although other unionized workers have received wage increases amounting to 100 per cent."

The men present at the initial meeting claimed to represent 89,000 persons on the city pay roll and said that a drive would be undertaken at once to enlist those workers who are not now members of any organized body.

Why They Want Corporators.

The DaPost Engineering Co., which has been advertising for carpenters for the past four days in The Freeman, has engaged a number and have sent several to Detroit, Mich. The company has a contract to erect a four story concrete factory and other buildings for the Cadillac automobile people, the plant to cover several acres. The contract calls for the completion of the contract, which is for about \$1,000,000 in eighteen months.

May Be a Saker.

Posekheppie may be a saloonkeeper after October 1. Thus far not a dealer in the city has filed an application for a license. Dealers say that the profits of the business have been cut down tremendously since the sale of the highly alcoholic drinks have been discontinued.

ANDREW WEICK KILLED BY A FALLING DERRICK

At Byrne Brothers Monumental Works on Broadway—Was at Work Near Derrick When It Fell—Sustained Fractured Skull, Dying Instantly.

Andrew Weick a marble cutter residing at No. 15 Summer street was instantly killed shortly after 9 o'clock this morning while at work at Byrne Brothers monumental works at Broadway and Henry street. He was struck by a falling derrick which fractured his skull, causing instant death.

About six weeks ago one of the derricks used in hoisting the large stones on the yard was thought unsafe and a new derrick was installed. This morning the new derrick was used in hoisting a small stone. Near the foot of the derrick Weick was at work at his trade. One of the head pins on the derrick evidently gave way and Weick, hearing the crack, glanced up.

It is likely that he never knew what struck him for as he glanced up one of the supports of the derrick crashed down, striking him above one eye and hurled him backward with a fractured skull.

The derrick that caused Weick's death is built on the same plan as other derricks with a single upright pole which is held in place by two other poles braced against it and all three fastened together with iron bands and head pins. The part of the derrick that struck Weick was one of the supporting timbers to which was attached a rounded piece of iron which inflicted the death wound.

Coroner E. A. Kelly was summoned and hurried to the scene. Dr. E. E. Norwood was also there immediately after the accident and examined the remains. When Coroner Kelly arrived he and Mr. Byrne jumped into the coroner's car and hastened to the Weick home and notified Mrs. Weick and her daughter. They asked that the body be turned over to Undertaker N. D. J. Murphy, who later removed the body to his morgue.

Mr. Weick has been employed on the Byrne yard for a number of years.

Strikes at Beacon.

With 26 special officers sworn in and patrolling the territory about the plants of the Beacon Hat Company, and with every hat worker in the city out on strike, Beacon is tied up industrially. The embroidery works at Glenham, where there were riots Wednesday, have closed up tight and not a wheel is turning. Many women are thrown out of employment. Storekeepers are already beginning to feel the effects of the strike of the hat makers.

Last Call for Taxes.

Tuesday, September 23, will be the last day to pay city school taxes with the 2 per cent charge. After that date a 3 per cent additional will be charged. City Treasurer Addison B. Patten reports that the number of delinquents and the amount outstanding is less than a year ago.

Speeder Pays \$5 Fine.

W. T. Montgomery of Newark, N. J., was arrested Thursday afternoon by Officer Soppe. The charge was speeding. Montgomery paid a \$5 fine in police court when arraigned before Judge Schurck.

TOSPREAD DROUTH OVER THE EARTH

Plan To Raise \$5,000,000 Fund To Oil The Wheels Of The Water Wagon for a World-Wide Journey.

By Telegram to The Freeman.

Chicago, Sept. 19.—Prohibition leaders delegates to the convention of the Anti-Saloon League of America are today en route to their various states to put into operation plans for the raising of a \$5,000,000 fund with which to carry the fight for prohibition to all corners of the earth.

At the same time these leaders will carry out plans for active participation in national politics by prohibitionists.

The anti-saloon leaguers mapped out plans for their campaign at their convention here which closed last night.

Howard Russell of Ohio, founder of the Anti-Saloon League and chairman of the conference, declared the prohibitionists "will demand the nomination of candidates for president, who can and will publicly pledge themselves to 100 per cent enforcement of the constitutional law of the nation."

"Ratification of the prohibition amendments puts us into the field of national politics," said Mr. Russell.

ITALY TO SETTLE FIUME DIFFICULTY

By Telegram to The Freeman.

London, Sept. 19.—"I am sure that the allies trust to the good faith and loyalty of the Italian government to arrive at a satisfactory solution (of the Fiume problem)," declared Premier Nitti of Italy, in addressing the chamber of deputies at Rome, said a Central News dispatch from that city today.

The premier declared that the trouble will be settled from a patriotic standpoint and in a manner to remove from the minds of the allies all doubt that it is the correct solution.

PROTECT RUSSIA FROM THE POLES

By Telegram to The Freeman.

Paris, Sept. 19.—Alarmed lest the Poles grab off a large slice of Russian territory, it was understood today that the supreme council has ordered the Polish forces to cease their advance against the Russian Bolsheviks.

It is admitted that no one at the peace conference desires to be lenient with the Russian Bolsheviks, but the main anxiety seems to be that, if the Poles get into Russia, it may be difficult to get them out.

CYCLIST INJURED.

When Machine Leaves Road Near Ashokan Station.

Ashokan, Sept. 19.—Charles Ostrander of Newburgh was quite badly injured near the Ashokan station, Thursday morning, when the motorcycle he was driving left the road and hit a pile of lumber in front of John Davis's garage. Ostrander was out about the face, and also received an ugly gash in the roof of his mouth. Dr. DuMont was summoned and dressed the injured man's wounds. He was later taken to Dr. Kemble's sanitarium for an examination. The motorcycle had a side car attached. Ostrander, it is said, was on his way to Grand Gorge.

WALLKILL GETS CANNON.

Reward for Work in Last Bond Campaign.

The German cannon, so long looked for and expected has reached Wallkill, and has been placed in a conspicuous place in the park. Every Liberty bond holder may well feel that he has a share in the prized cannon. Wallkill was always among the first to go over the top in all her Liberty bond campaigns, but when the Victory note drive came she showed herself proud when over 400 per cent of the amount asked was raised, the result being the reward promised which we trust will ever stand as a memorial to the fidelity, patriotism and liberality of the citizens of the town of Shawangunk.

B. S. Galloway and his able committee, men and women, deserve much credit for making the five bond drive the unprecedented success that they proved to be, as well as the placing of the cannon on a firm cement base in the park, where it will over be an ornament.

Attended Neighbor Reception.

Mayor Canfield and Captain Fowler attended the reception to Cardinal Mercier at Chaucel's Hall in Albany Thursday, before among the fortunate ones to receive tickets. They witnessed the conferring of the degree of Doctor of Laws upon Cardinal Mercier and heard the Cardinal speak. They sat in stalling that was the most solemn and edifying meeting they ever attended. They state that they never have been privileged to see a face so inspiring, courteous strength and tender sweetness to such a degree as that of the "Prince of Sorrows."

KINGSTON, N. Y., SEPT 19 1919

AMERICA'S SEA POWER.

When he is not holding forth on the subject of Germany's immaculate innocence, or the righteousness and heavenliness of U-boat "frightfulness" it may be possible for even Von Tirpitz to see pretty straight and at least by accident hit upon some small measure of the truth. Therefore it is safe to read with an open mind as we take note of his recent statement as follows: "The annihilation of the German navy has deprived the smaller navies of the world of their vitality. The maintenance of the balance of power at sea now rests entirely on the American navy. This is not a menace to Great Britain. I am not one of those who delude themselves in the belief of a future conflict between England and America. I can not foresee any serious antagonism between the two great Anglo-Saxon powers. Their capitalism jointly enslaves all other nations, which, since the breaking down of the German navy, have no longer any support in asserting their freedom."

Instead of depriving the smaller navies of the world of their "vitality," the destruction of the dominance-seeking German navy has put them in a much better position than they were before. It is true, however, that the position of greater importance given by this elimination to American sea power is not a menace to Great Britain because an armed conflict between the two mighty English-speaking powers is improbable and even scarcely within the bounds of possibility. This is so, not because of an associated "capitalism" which jointly enslaves all nations, as Von Tirpitz asserts with a manifest view to excite and aid the Bolshevik forces in both countries but because Britain and America realize that their best interests as well as the world's peace and civilization's advancement depend on their continuing friendship.

In this connection it is highly interesting to learn that, as a result of war building and commission to build, the American navy has acquired through German elimination a far greater prominence than most of us had supposed—a literally commanding position, in fact, according to the view of Archibald Hurd, the British expert, who writes in the London Daily Telegraph. "It is an arresting fact that, judged by the strength of its battle squadrons in active commission, this country's supremacy has at least temporarily passed away. The United States has now in commission 31 battleships, and Washington plans to have 29 next year, the reduction in number being balanced by the increased power of some of the ships now approaching completion. We have in a similar state of readiness 22 battleships and 5 cruisers, and, in accordance with the order for reduction to a reserve basis, our instantly ready battle force will fall at an early date to 15 ships, 10 of them forming the Atlantic fleet and the other 5 cruising in the Mediterranean. It may be somewhat of an affront to our national pride that we should have reached this secondary position at sea."

NEW GOLD.

The two new gold strikes recall the Klondike, not in prodigious richness or in remoteness from the centers of population, but in the reported rush of treasure seekers from every province of Canada and from every State in the Union, including not only experienced miners or prospectors but "tenderfoot" amateurs of every description, among the latter there being even women. Both the new gold regions are in Canada, one at Copper Lake in Manitoba discovered by an Indian, the other in the Contact Bay section of western Ontario, discovered by a Chicago salesman, who, when on a fishing and hunting vacation, was persuaded to give further variety to his outing by going out for a day with a prospector and getting some exercise with a pick.

The new gold finds are more readily accessible than the Klondike and Klondike fields, threatening the tenderfoot with fewer dangers and less extreme hardships, yet the amateur will find that he has as much to learn as if a vacation-seeking Chicago clerk discovered

obviously to be reached with comparative ease; but Copper Lake in Manitoba is sixty miles from the Pas, the railroad's end, and can be reached only over a canoe and portage route of 150 miles through impassable muskeg swamps. In addition to the ordinary hardships of travel and pioneer life in a country of no markets, both regions are intensely cold in midwinter, fifty below being nothing uncommon. But once many thousands will brave everything to try their luck in each case, and of course only a few will find the reward they seek. But all will live through a memorable as well as a developing experience, and the world's stock of gold will be to some extent increased.

"What's that crowd in front of the court house?" "Men eager to serve as jurors." "Get out!" Really. A jury is being selected in a liquor selling case and it will have to test the evidence."—Judge.

"A man can get to be so dishonest that he cheats himself." "You said it," replied Cactus Joe. "Three-Finger Bill has got so downright crooked that he plays solitaire with a marked deck."—Washington Star.

First Maid (bragging about a party given the day before by her mistress)—"And they all came in limousines, and had on the grandest clothes and wore the biggest diamonds. Neighbor's Maid—"And what did they talk about?" First Maid—"Us."—Life.

"Read much during your vacation?" "Yes, railroad folders, menus and hotel bills."—Boston Transcript.

"Tell the doctor I'll have a fit if he doesn't see me soon." "Go ahead, lady. He's the best fit doctor in the city."—Judge.

Hanks—"What do you know about the Japanese question?" Danks—"Nothing. I've read both sides."—Life.

"I know a woman who never talks about anybody else and who does not even listen to scandal when others give utterance of it." "Poor thing! Was she always deaf and dumb?"—Baltimore American.

"Success depends on hard work." "Yes," rejoined Farmer Cornucopius. "I know a man whose land got covered up with weeds and mortgages while he was working terribly hard to be the best checker player in the neighborhood."—Washington Star.

"Just one more question, Uncle." "Well, well, what is it?" "If a boy is a lad and has a stepfather is the lad a stepladder?"—Boston Transcript.

Sweet Young Thing—"Why do men join clubs?" Sour Old Dub—"Well, some join because they have no homes and some because they have."—Life.

"Julius Caesar did a great deal of writing for a busy man." "Yes. In addition to being a warrior and a statesman he was his own publicist."—Washington Star.

First Politician—"There's a section down my way that's got a forest, a deep quarry and a swamp. I wonder if there's anything we can use it for?" Second Politician—"Sure. Just the thing to use as a detour while we repair the state road."—Judge.

"What kind of coal do you wish, mum?" "Dear me, I am so inexperienced in these things. Are there various kinds?" "Oh, yes. We have egg coal, chestnut—" "I think I'll take egg coal. We have eggs often, but we have chestnuts."—Louisville Courier-Journal.

Edith—"So you had to give Tom a hint before he proposed, eh?" Betty—"Yes, he didn't seem to be equipped with a self-starter."—Boston Transcript.

"So you prefer the city to the country?" "Yes," replied Mr. Chuggins. "In the city you're liable to run over something, but in the country you're liable to strike a grade crossing and get run over."—Washington Star.

Reggie Callow—"Love for you has driven me half crazy." Miss Bright—"Too bad, Reggie; but who completed the job?"—Boston Transcript.

Crawford—"She's suing him for divorce on the ground of desertion. Did he abandon her?" Crabbe—"Not exactly; but he joined a golf club."—Life.

"That fellow is a poet, a genius." "Huh? A rhymester isn't necessarily a genius." "He gets ten thousand a year from a biscuit factory." "He's a genius, all right."—Louisville Courier-Journal.

Cholly—"Miss Amy prefers to go in the surf with me because she says she feels safe with me." Jack—"Yes, she told me no matter what happened she knew your head would always float."—Baltimore American.

"Do you intend to resume your visit to Europe next summer?" "I don't know," replied Mr. Cumrox. "Mother and the kids don't seem to be taking great interest they did in royal titles and ancestral estates."—Washington Star.

HERE AND THERE ABOUT THE TOWN

In Union There is Strength as the skunk said when it met a piece of Limburger cheese. But these are happier combinations.

"Well, I see we are having a lot of agitation over this League of Nations," observed the customer, as he entered the barber shop this morning.

"I have troubles enough of my own trying to keep some change in the old pocketbook to worry about that stuff," replied the busy barber.

"That is no way to look at a big public question that concerns the welfare of the world," retorted the customer.

"Maybe not," agreed the barber, "but just the same what I think on the subject is not going to influence the president or congress to any extent."

"I am kinder in favor of this League of Nations," said the customer, "for in union there is strength."

"That is what the skunk said when it met up with a piece of limburger cheese," retorted the barber, "but personally I prefer to have them separated, and the greater the separation the more it will please me."

"There you go again," replied the customer, "trying to poke some cheap humor at the most important thing in the world today."

"It's not to me," retorted the barber, "for the most important events in my young life are to make both ends nearly meet, and to keep healthy, and a happier combination than skunk and limburger to my mind is soap and water."

"What are you getting at anyway?" asked the customer.

"You were talking about union in strength," explained the barber, "and to my mind our country is like a piece of soap, while the Atlantic and Pacific oceans furnish the water to assist in keeping clean. The greater part of the dirt we get is imported from abroad."

"What dirt?" asked the customer.

"The Bolshevik movement and such," replied the barber, "and believe me we have got to use soap and water to wipe out the stains. Now this League of Nations may be O. K., but if I remember history correctly we have had the idea tried out before, and it was not a howling success."

"That is ancient history," interrupted the customer.

"But I have known history to repeat itself," retorted the barber, "and anyway I don't believe that a League of Nations will avert future wars."

"What will then?" asked the customer.

"If I knew I wouldn't be cutting hair for a living," replied the barber.

ELLENVILLE.

Ellenville, Sept. 18.—Ellenville friends have received announcement of the marriage of Edwin C. Hocmer, Jr., and Miss Dorothy Van Valkenburgh, the wedding having taken place at Catskill on Monday, September 16. Mr. Hocmer is a son of E. C. Hocmer, former superintendent of the Ellenville schools. Many friends extend congratulations.

Howard V. Ellsworth of Middletown has been visiting his aunt and cousin, Mrs. Lydia Ellsworth and Miss Louise Ellsworth this week, and motored to Ulster Heights Wednesday afternoon to call on his cousin, Henry Ellsworth and family. O. A. Campbell of Brooklyn spent Sunday in Ellenville, stopping at the Mitchell House and went to attend the reunion of the old Twentieth in Kingston this week.

Miss Mary Brown is visiting her brother, Walter Brown, and son, at Wallkill.

Mr. and Mrs. George Potter and son, Master George, Jr., are guests of Miss Harriet Bradford at her bungalow at Black Rock at Yankee Lake this week.

George Sherry of Orange, N. J., is spending a two weeks' vacation with his parents on Center street.

Charles Davis of the electric company and Mrs. Davis have returned from a ten days' vacation, which was spent in their home state, Maine. They made the trip in their 606 runabout.

Mr. and Mrs. Eugene G. Bishop are spending a week's vacation with Mrs. Bishop's parents at Danellen, N. J. Mr. Bishop's mother, Mrs. Mary Bishop, will spend the week with her son, Edward Bishop and family, at Hazleton, Pa. They made the trip by auto to New Jersey.

The September meeting of the Woman's Foreign Missionary Society was held at the home of Mrs. George H. Smith at McElbaine Place Wednesday afternoon, September 17th. There was a large attendance of members and several guests were present on this occasion. The meeting was held on the large porch of this well-appointed home and was under the direction of the president of the society, Mrs. E. E. Coust. Following devotional exercises, reading of scripture by Mrs. Coust and prayer by Mrs. C. A. Dunn, there was a brief business session, at which time it was decided to hold the meetings during the year after-noon instead of evenings. The meeting was under the direction of Mrs. Schmitt, chairman, were opened and named nearly \$25 listed. A program of songs was arranged for the evening. Mrs. E. E. Coust contributed two very selections and Mrs. E. E. Coust Taylor gave a reading entitled, "The Ambassador" by R. L. Stevenson. Both music and reading was much enjoyed. A committee of ladies served refreshments and they were enjoyed with a pleasant social intercourse. At the October meeting missionary study will be resumed.

Fall Style Exhibit

September 19th to 27th, 1919

Introducing a wonderful ensemble of the most favored Parisian and American creations to appear for Autumn Wear

Q No doubt you have been wondering for some time past what the new styles are like for the coming season and, if you have, this exhibit will present you with the opportunity to become thoroughly acquainted with them.

Q Certainly they are from every point of view the prettiest styles we have ever had the pleasure of presenting to you for inspection. This you will admit, we know, once you see them and note the subtle beauty and witchery which they display in their straight and slender lines.

FINDS CHILDREN AFTER LONG HUNT

Father's 22-Year Search Is
Ended by a Chance Meeting
With Old Friend.

MAN IS HAPPY AT LAST

For Score of Years He Wandered
Over Country Looking for Children
From Whom He Parted When
Wife Died.

Chicago—John Corcoran is the happiest man in the United States. He has found his folks. For 22 years he has wandered over the United States and Canada looking for his children, from whom he parted when their mother died and they were little. Now he has met them again and they were glad to see him. He found them grown to be fine young people, such as any father would be proud of, and John is all smiles.

It was this way:
Twenty-two years ago John Corcoran, then a young man, packed his traveling bag and shook from his feet the dust of Dunnville, Ont., where he had been happy. He could no longer be happy there. Dunnville had become hateful to him because in Dunnville his young wife had died, and with her gone life meant little to him.

Told Favorite Child Was Dead.
The children, Ella Loretta, a toddler of 2; Mary, aged 6, and John Frederick, 4, were to be cared for by Mr. Corcoran's stepmother, with whom he had some legal difficulties over the settlement of his father's will. According to his story, after he had been away some months this stepmother died and when he received the news a friend told him his youngest daughter had also died.

"I don't mind telling you she was my favorite," he said, "and when I heard she was dead it kind of upset me. I lost track of the others then, although I knew that they were being cared for up in Canada somewhere by another sister. She moved away, and then I went to look for her she was gone. So for nearly twenty-two years I heard nothing from them.

"The other day I was up in Buffalo—motored up there from Chicago on business. Went into a bank to cash a check. Just as I came away I saw a stranger looking at me pretty

Rushed Up to the Girl's Desk.
hard. I think to myself, 'That's one of those friendly guys. He saw me get my roll and he wants to help spend it.'

A Friend From Dunnville.
"So when he came up and slapped me on the back and says, 'Hello, John Corcoran,' come and have a drink," I said, "Nothing doing, stranger." Then he tells me who he is—an old friend from Dunnville that I hadn't seen since I left. He says, "Spose you're down here to see your children."

The friend then told the excited Corcoran that his two daughters were living right there in town. The favorite daughter hadn't died, had only been dangerously ill.

"She thought it was kind of funny," Corcoran said in telling of the reunion. "I broke right into the place, rushed up to the girl's desk and said, 'Hello, Ella, I'm your daddy.'"

This daughter is Mrs. J. H. Hidenman. The other daughter, whom the father next discovered, is Miss Mary Corcoran, a nurse in the general hospital at Niagara Falls. He also found his son, John Corcoran, grown to manhood.

"It took a long time to find them, and I'd just about given it up," the father said, "but luck came my way at last, and now I'm never going to lose them again. It's a pretty small world, after all."

ONE BATH IN 482 FAMILIES

Only One Tub in Stock of 43 Tenements Where 1,700 Live, Survey Shows.

New York—A housing survey of a block in East 33d street made for the city reconstruction commission shows one bathtub in forty-three tenement houses in which live 1,700 persons. The bathtub is the property of the landowner. It is for use by the owner and his family and comparatively few of the other 482 families on the block have one at all.

The next approach to bathing facilities discovered by the investigators was that block was a stationary washstand with a partition which can be lifted out on Saturday nights.

The House of Kuppenheimer Clothes

KINGSTON'S FALL DISPLAY WEEK SEPTEMBER 19th to 27th, 1919

An Exposition of New Fall Styles

From the House of Kuppenheimer

Our cabinets are now replete with the finest assemblage of good clothes ever our privilege to show. Truly, these new Fall styles from The House of Kuppenheimer are works of art—products that show the skill and genius of the master-designer in every detail.

The styles are refreshingly new—higher waist-effect; longer flare of the skirt; new ideas in lapels, and plaits. Past-season styles were entirely forgotten in designing these smart creations for Fall. They're new and different in every respect, except one—the same old Kuppenheimer standard of quality all wool fabrics—and that never varies, season in and season out.

Get All
the Heat
out of your
Coal

Save Coal Sensibly

A live, clean, clinker-free fire—the sure result of the exclusive Boynton Square Pot construction—takes all the heat there is in the coal and sends it into your rooms. That's economy and good judgment.

You can cut down the amount of coal you burn in your present equipment by using less heat, but you won't find much pleasure in the saving.

It's better—much better—to have all the comfort of warmth by installing a Boynton Square Pot Furnace or Boiler. Though very easy on the coal pile (saving 15% to 25%) it protects you from the misery of indoor shivering.

See the Boynton Furnaces and Boilers at your dealer's, and the Newport Range as well. Or consult us by mail.

Callus? "Gets-It" Will Peel It Off!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.
A callus or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It"

Use "Gets-It" and Dance. Even with Corns removed it as easily as it does the toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth, as though you never had a callus. You need no more fussy plasters, sticky "bandages," bandages, knives or "cutters" for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns.

"Gets-It" the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg. by Lawrence & Co., Chicago, Ill.

Don't Envy Him Follow His Lead

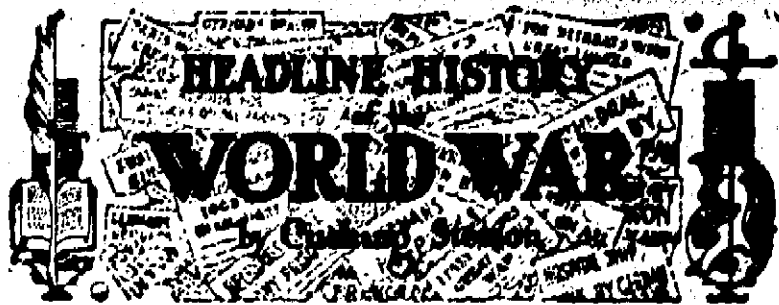

HE stops in to see us for a few minutes every two weeks. We give him the battery the "once over," add distilled water (without charge), and off he goes, smiling. He carries a Prest-O-Lite because costly experience has taught him it is the best.

But no matter what make of battery you carry, or what car you drive, we'll cheerfully do the same for you.

If your battery needs recharging or repair, we have good competent men ready to pump on the job at once. The work will be first-class and the price moderate. And there's a service battery at your disposal while yours is being repaired.

Keep your battery in first-class condition and call on us to do the work.

Labor endorses President Wilson's war aims; Inter-Allied conference in London unanimous in accepting 14 points laid down by president. Germany replies to Austrian peace note; consents to conference.

OUR DAILY PATTERNS.

2675—A Good Home Service Uniform.

This is a very practical set, comprising an apron dress that is neat and simple, and will be found comfortable to work in, and easy to develop. It has roomy pockets and a sleeve that may be finished in wrist or elbow length. The cap is a good protector for the head, against dust and grime. Gingham, khaki, seersucker, drill and lawn are good materials for this style.

The pattern is cut in 7 sizes: 34, 36, 38, 40, 42, 44 and 46 inches bust measure. Size 38 requires 6 1/2 yards of 36-inch material. Width at lower edge is about 2 1/2 yards. A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state size wanted.

Catalogue Notice.

Send 10c in silver or stamps for our UP-TO-DATE FALL AND WINTER 1919-1920 CATALOGUE, containing 550 designs of Ladies' Misses' and Children's PATTERNS, a CONCISE and COMPREHENSIVE ARTICLE ON DRESSMAKING, ALSO SOME POINTS FOR THE NEEDLE (illustrating 30 of the various, simple stitches) all valuable hints to the home dress-maker.

"DIRECT" BITE TEETH

After years of experimenting our laboratories have discovered a direct bite set of artificial teeth. These plates improve the sense of taste and insure perfect enunciation and articulation. The teeth absolutely cannot be discerned from natural teeth. These teeth because of the direct bite have three times the biting strength of ordinary plates. Are you now wearing artificial teeth? If so, we strongly advise you to call and investigate this new plate.

PLANS TO BOOM RESORT REGION

Catskill-Shawangunk Mountain Association is Being Formed to Tell the World What Ulster, Delaware and Greene Counties Have to Show.

Tentative plans for the scope and operation of the proposed new association to promote the growth of the Catskill-Shawangunk Mountain resort region were discussed and agreed upon at a meeting of the Organization Committee, held at the Roxmor on Thursday afternoon. Members of the committee present were the Messrs. Coe of Stamford, Wilbeck of East Windham, Miller of Roxmor, Smiley of Lake Mohonk and President Herbert and Secretary Hudson of the Chamber of Commerce. After the business had been discussed the visitors were guests of Mr. Miller at one of his famous hospitable dinners.

Under the proposed plan hotels, boarding houses, transportation interests, business firms, civic and commercial organizations and unobjectionable individuals in Ulster, Delaware and Greene counties will be eligible to membership, the membership fee will be \$15 and there will be a system of plural memberships whereby the larger concerns will contribute and have votes in proportion to their importance and the probable benefit they will derive from the work of the organization, which will be known as The Catskill-Shawangunk Mountain Association. It was deemed inadvisable to include the word "hotel" in the name, as the association will endeavor to develop the region along many lines and many of its members will not be hotel men.

One of the principal objects of the association is to provide money to pay for co-operative advertising of the Catskill-Shawangunk region, in order to bring its many advantages and attractions before the world. While there has been some individual advertising done by various resorts, nothing has ever been done along the line of publicity for the region as a whole. Through the new association it is hoped that men in various parts of the three counties will meet, become acquainted and exchange ideas for mutual benefit.

Another meeting of the committee and representatives from the various localities in the region concerned will be held next Thursday in this city, in the Chamber of Commerce rooms.

PATAUKUNK.

Pataukunk, Sept. 18.—The Rev. Mr. Meade will preach in the school house on Sunday afternoon at 2:30 o'clock.

Mrs. May Christian and sister, Miss Beatrice Burger, were in Ellenville on Tuesday.

Mrs. Harriet Morehouse of Mombaccus Heights has been spending a few days with her daughter, Mrs. Jerry Simpson, and family.

There is no school, as Miss Gray, our teacher, has a bad sore throat, and is confined to her home in Ellenville.

Mrs. Lottie Burger and family entertained company from Connecticut, Kingston and Newburgh, on Sunday.

Miss Beatrice Burger has returned home, after spending some time with her brother in Connecticut.

Miss Sarah Emma Van Etten has returned home from Hill Crest House.

Percy Quick has returned to his home in Gardiner, after spending some time with his grandparents, Mr. and Mrs. S. Van Etten.

Mr. and Mrs. Otis Smith of New York city, who are spending their vacation at Mombaccus Heights, called on friends in this place on Thursday.

Several from this place attended the clam bake at Kerhonkson on Wednesday.

Mr. and Mrs. A. McDonald are spending some time at the home of the latter's brother, Andrew Simpson, at Briar Cliff Manor.

Edwin Dunn has returned home, after spending some time with his uncle, H. M. Dunn.

Dr. Kirchoff and wife and Mr. and Mrs. William Maloy enjoyed a carriage ride through Leibhardt on Saturday.

F. P. Smith and sons are doing the threshing for most of the farmers in this place.

KERHONKSON.

Kerhonkson, Sept. 18.—Sunday morning three persons were received into membership and nine children were baptized.

On Sunday, September 21, at 11 a. m., the Rev. George C. Lemington, secretary of the congress campaign of the Reformed Church will speak. Mr. Lemington comes from New York city with a message of vital importance, and it is earnestly hoped the members and friends of the congregation will make a special effort to be present.

Married, at Kerhonkson, by the Rev. Alex. T. Paxson, Earl Richard Wright of Manchester, Conn., to Jennie May Holly, of Middletown, N. Y., and Frank Bradford to Lottie Rachel Terwilliger, both of Wawarsing town.

The funeral of Edward Sherman, formerly of Napamook, was held on Thursday afternoon at 2 o'clock, in the Kerhonkson Reformed Church. The services were conducted by his former pastor, Rev. C. Herman Schip, assisted by the pastor of the church, Mr. Sherman had made his home in California for the past few years.

SUNDAY SCHOOLS

MEET CHALLENGE

ORGANIZED FORCES WILL CAMPAIGN TO IMPROVE RELIGIOUS INSTRUCTION FOR CHILDREN.

TO COUNTERACT BOLSHEVISM

State Comptroller Travis is Chairman of Drive—Says People Will Give Liberally When They Understand Great Need.

Eight hundred thousand children in New York state, which has the best public school system in the country and by law compels attendance, receive no religious instruction in Jewish, Catholic or Protestant Sunday schools.

Sunday schools, as at present constituted, "cannot provide an adequate program of religious education for the childhood and youth of North America," in the opinion of leading educators and churchmen.

Religious instruction for children in Mexico, Cuba, the Orient and other parts of the world field, due to war conditions, is at a low ebb and the cry is for more effective Christian work.

In reconstruction days these conditions present to the organized Sunday school forces a challenge which has been accepted. To raise funds for a four-year program to meet these great needs, a financial campaign will be conducted throughout the state from Oct. 6 to 13.

The money will be apportioned one-half to the county Sunday school organization and the balance to the state, international and world's Sunday school associations. At home the funds will be utilized to give children more thorough religious instruction by training their teachers in community schools created for this purpose. In the state, international and world fields, a successful campaign will make it possible to extend Sunday school work to influence aught the lives of children now without any religious influence upon their characters.

The Church's Job.

Because the future of the church, the safety of democracy, the world over, and the hope of a virile Christianity are wrapped up in the youth of the land, it is necessary to see that all children receive more and better religious education. While their secular education has progressed by leaps and bounds, their religious instruction has not kept pace with modern needs.

The public school is prohibited by law from giving religious instruction. The modern home "is falling down on the job," according to Dr. M. A. Honline of Dayton, educational expert for the International Sunday School association. So, it is up to the church. If the church is to perform the task aught, it must receive help that it now is not getting. It is not the duty of the individual church or within its limited ability, to meet this responsibility, which is a city or town community problem, and must be met by the united churches.

This drive will be known as the New York State Interdenominational Sunday school campaign. State Comptroller Eugene M. Travis is the chairman. He has surrounded himself with a group of leading business men, who will help win success. This, however, will not come without thousands of individual gifts, large and small, Mr. Travis says.

People Will Give.

The campaign headquarters is Albany, but the drive will be carried on through sixteen divisions, each consisting of several counties. Each division will have a central headquarters, in charge of a divisional committee which will be assisted by a campaign manager and an educational director. The effort is interdenominational, and is carried on regardless of creed. It has the hearty endorsement of many denominational leaders.

The effort to raise the quota fixed for each division and county will be active. Well-known speakers are coming to New York to aid in the drive. Mr. Travis himself will make a tour of the state. Another speakers' team will consist of W. C. Pearce, director of field promotion, and E. J. Heckenbary, campaign manager.

"New York state has the wealth and the vision to see this through," says Mr. Travis. "If the people are shown that we have the mighty, compelling cause that we know we have, they will respond in the greatest generosity. We will convince them and I know that they will answer the appeal."

The campaign centers are Buffalo, Jamaica, Ossining, Newburgh, Albany, Troy, Amsterdam, Watertown, Utica, Syracuse, Binghamton, Elmira, Auburn, Lockport, Batavia and Jamestown.

Kitten Saves Master.

Holyoke, Cal.—"White Fawn," a kitten, saved the life of H. G. Mills. The kitten, which follows its owner as constantly as a dog, was riding with Mills in his automobile when engine trouble developed. Mills crawled under the car to investigate and found himself within striking distance of a giant rattlesnake coiled. The kitten leaped from the car and sank its teeth into the rattlesnake's head, killing it. The snake, which measured nine feet in length and had twelve rattlers, has been sent to an Eastern taxidermist for preserving. Farmers declare it to be the largest rattlesnake ever seen in this section.

Economical

The Caloric system of heating is an entirely new application of the principles of conveying heat. Cold air falls—warm air rises. The Caloric's one register is built to take advantage of this simple scientific fact. The outer channel sucks cold air out of the house, carries it to the bottom of the furnace, where it is purified, and passes over the radiation chamber up into the house by the inside warm air channel. The warm air is lighter and travels upward rapidly. Although no perceptible draft is noticed, the warm air seeks out every nook and corner in each room so that the temperature over the entire house is practically the same, the sewing room upstairs being as cozy as the living room where the register is usually put.

We are enthusiastic about the Caloric. The remarkable results obtained by more than fifty thousand owners last year during the coldest weather proved our every claim. We KNOW that it will make good and save 35% of your fuel bill.

Come in during Demonstration Week. You will not be obligated, and may learn many things that will mean more and better heat with a decided saving of money.

LETTER! RIVAL?

KILLS THE GIRL

Man Shoots Self and Then Learns Note Was From Her Sister.

REFUSED MANY TIMES

Jealousy of Allen Enemy Leads to Double Tragedy—Loved the Girl and Thought There Was a Rival.

Chicago.—Michael Sasko went to the muntelpiece as soon as he entered the boarding house one night recently. He picked up the letters he found there scanned the addresses and laid them aside—all but one.

It was a letter from Minneapolis addressed to Miss Georgianna Jorgensen. He studied it for a while, then put it with the others and went to his room on the third floor.

Miss Jorgensen came upstairs, reading the letter, which was written in Norwegian.

He stopped her and asked about the letter. There had been other letters he had demanded to see, letters from France. He had asked the girl to marry him. A dozen times he had asked. Each time she had refused him. He had believed there was a sweetheart overseas, but she had denied this. Now he was convinced that the other man lived in Minneapolis—for the envelope bore that postmark.

She would not tell him the name of the writer turned away from him went into her room. He dashed in after her caught her in his arms struggled with her left her weeping half kneeling on the floor, half lying across the bed.

Georgianna's roommate, Frieda Knutson, found her there.

"Lock the door," Georgianna said. "Keep that Mike out of here."

Frieda presently opened the door and went downstairs. As she passed Sasko's room she saw him rolling a cigarette. She had gone half way down the stairs when she heard a scream then three quick shots.

As she started back upstairs there were two more shots.

Found the Girl Dead.

The police found Georgianna dead. She had been shot three times. Sasko

had shot himself twice above the heart. They took him to the Passavant hospital, and there, after a few hours he made a statement.

He had loved the girl ever since he first came to the boarding house, he said. There was another woman in the boarding house who was in love with him, whom he spurned. She had told the authorities he was an alien enemy skilled in the making of bombs, and they had taken him into custody and questioned him concerning the fatal post office blast. But he had been released.

"Did you know Miss Jorgensen before she came to Chicago, when she was in Minneapolis?" a policeman asked him. "Minneapolis," he said. "That's where the letter came from."

"Yes," the policeman said. "It's from her sister, Mrs. Frieda Paulson."

PUTS ONE OVER ON MEN

Minneapolis Woman Works as Farm Hand in South Dakota, Deceiving Employees.

Minneapolis.—A Minneapolis woman earned more than \$400 mungering as a farm hand in South Dakota last year, working with her husband. She disguised herself as a man to get the pay farmers were paying farm hands. Her name is Edna Fredette, although she does not seem to have been that kind of a woman in all. At the sixth place she worked she revealed her sex to the wife of the farmer and the two women had a bunch of fun at the expense of the men. When the day's work was over the men devoted some time to feats of strength and stunts. As Mrs. Fredette in earlier years had been an acrobat on the vaudeville stage, she put on a show that disconcerted them all.

What Became of Her?

Theodore, the only daughter of Anton Rutz, was a woman of superior mental accomplishments and strong convictions. In her eighteenth year she was married to Joseph Alvin, afterward governor of South Carolina. She was a devoted and adored wife. The trial of her father for treason and

U. S. WILL SELL ARMY CLOTHING

Letter to Mayor Canfield Explains How Goods May be Ordered by Parcel Post and Given Prices.

Mayor Canfield, Jr., received the following communication from the Zone Supply Officer in New York city of the war department in regard to the sale of surplus army blankets and other articles. Other articles will be listed later and they will be announced with the prices for each. The letter explains how anyone can obtain these articles by mail orders. War Department, Office of the Zone Supply Officer, New York City, September 18, 1919.

1. On September 25, 1919, there will be opened to the public a Quartermaster Corps Retail Store at 22 West 19th street, New York city, for sale of excess supplies of the army, under the supervision of the New York Zone Supply Officer. This store is established for the purpose of reaching the household consumer and sale will therefore be limited to such quantities as are manifestly for household or personal use only, and not for sale to retail establishments, hotels, etc.

2. The store is organized to conduct a retail cash counter business with a mail order department. The "cash and carry" system will apply to every one calling at the store, where new and reclaimed or renovated articles will be sold. Mail orders will be received only from outside of the district of Greater New York and limited to lower New York state, Connecticut and New Jersey. A store will be opened at Schenectady, N. Y., for sale to northern and northwestern New York. Mail orders will be accompanied by postal money orders, express money orders or certified checks drawn to order of Quartermaster Corps Retail Store. Only new articles will be sold on mail orders and no exchange will be permissible. Mail order purchases of over \$2.00 will be insured at government expense. Mail order purchases for amounts under \$2.00 will be at the purchaser's risk unless he remits sufficient funds with the order to cover cost of insuring same.

3. To enable accommodation of the greatest number of people the store will be open for business at 1 p. m. daily, except Sundays and holidays, and will close at 9 p. m., including Saturdays.

4. It is hoped that the public will not present themselves in such numbers as to overwhelm the store on the opening days. There is ample stock to last for some time. This is not a bargain sale in a commercial sense limited to one day. Complete list of articles with prices will be circulated to the public from time to time.

5. It is not the intention at present to sell army surplus food at these stores.

6. The principal articles, with prices are as follows:

Arctics, cloth top (new), \$1.50 per pair.
Arctics, all rubber (new), \$2.25 per pair.
Arctics (reclaimed or renovated), all kinds, \$1.00 per pair.
Blankets, wool (reclaimed or renovated), \$5.00 each.
Blankets, cotton (new), \$3.00 per pair.
Blankets, wool and cotton mixed (new), \$5.00 each.
Blankets, wool and cotton mixed (reclaimed or renovated), \$3.50 each.
Blankets, wool (new), \$6.00 each.
Blankets, cotton (reclaimed or renovated), \$1.00 per pair.
Boots, rubber, hip (new), \$5.25 per pair.
Brushes, scrub (new), 15c each.
Brushes, shaving (new), 15c each.
Candles, tallow (new), 20c per pound.
Cans, ash or garbage (new), assorted sizes, \$3.00 each.
Drawers, wool, heavy, winter (new), \$1.00 per pair.
Drawers, wool light, 50c per pair.
Drawers, winter, wool heavy (reclaimed or renovated), 50c per pair.
Drawers, winter, fleece-lined (reclaimed or renovated), 30c per pair.
Drawers, summer, balbriggan (new), 50c per pair.
Drawers, summer, nainsook (new), 50c per pair.

The Salvation Army.
Saturday night at 7:30 sharp there will be a special meeting at the Salvation Army hall, 24 North Front street. Staff Captain Barrett, provincial young people's secretary for the Central Province, accompanied by Captain Gilks will have charge of the service. They are both members of the famous national staff band of New York city and are excellent musicians. The meeting will be interesting both mentally and spiritually. The staff captain is an able speaker and writer and one is not disappointed in coming to hear him. The meeting starts at 7:30 p. m. and will close about 9:25 p. m., which will give everyone attending plenty of time to attend to the Sunday shopping afterward. The staff captain and captain will have charge of the street meeting at the corner of North Front and Wall streets at 8:30 p. m. This will also contain a musical program and you are urged to come.

Miss Alice's Dancing School.
Miss Delta Boice has leased the large room on the second floor of the building, 28 John street, formerly part of Spencer's Business School, and will have her school for dancing there.

OIL WORKERS THREATEN STRIKE

By Telegram to The Freeman.
Washington, Sept. 19.—Oil workers in California, Texas, and Oklahoma are preparing to strike, American Federation of Labor officials announced today.

The Oil Workers International Union, one of the youngest bodies affiliated with the federation, has approximately 10,000 members. The men demand higher wages, shorter working hours and better conditions in the companies.

The Policemen's Union of Sand Springs, Oklahoma, was given a charter by the federation today. The new union has a membership of eight, which is believed to represent practically all of the force.

The Policemen's Union of Schenectady, N. Y., has also been granted a charter, making a total of 35 police unions now affiliated with the American Federation of Labor.

MORE RECRUITS FOR THE LEGION

The membership drive being carried on in an endeavor to enroll a million men in the American Legion, the organization of the veterans of the world war, is going forward in all parts of the country and Kingston Post of the American Legion is making an endeavor to reach all of the men who were in the navy and army during the war. If you have not been asked yet by one of the members of the Legion don't wait to be asked but give your name to one of the members and become a member of the Legion.

The new members secured since Tuesday in the membership drive of Kingston Post of the American Legion are:

Charles J. Kieppen, 116 Hooker street.
John J. Ryan, 16 Ora Place.
Ray Elmendorf, Hurley, N. Y.
John A. Nolan, 397 Delaware Ave.
Frederick Hoffman, 143 Fair St.
Dr. Adelbert M. Sutton, 83 Henry street.
Chris. P. Roche, 190 Tubby street.
Leon M. Myers, 331 East Chester street.
Philip Lucklow, 15 Cedar street.
James Doyle, 177 Henry street.
Thomas Doyle, 177 Henry street.
John J. Flannery, 10 South Clinton avenue.

"Christ or Chaos."

Everywhere a spirit of unrest prevails, not only in far-away Russia, but in Europe, and in our glorious America. At times we seem to be on the verge of a vast upheaval. If not a cataclysm, what will settle things? Where shall we look for leadership in these days which are fraught with peril, as well as big with opportunity?

It will be either "Christ or Chaos." This will be the timely subject of the sermon by Dr. Baragwanath in the St. James Methodist Church Sunday night. It will be a service popular in its character, there will be good music, and there will be a hearty welcome for all at this home-like church.

Brinnier's Pagan Won.

Corporation Counsel William D. Brinnier, in a special class trotting event at the Dutchess county fair, at Rhinebeck, Thursday afternoon, although his horse, Pagan, has been out of training for a long time, showed the trotter had considerable speed. Other trotters that started were Cleverick Flirt and Village Lady, two fast ones, but Pagan took the two heats necessary out of three, the time being hung out as 2:28 by the judges. Mr. Brinnier, who is a lover of good horses, drives Pagan almost daily from his home on Delaware avenue to his office.

Mountain Equipment.

A. E. Scott, who has a summer place at Ashokan, has just purchased of the Canfield Supply Company a New-War air cooled engine for operating pumping system.

MRS. JULES S. BACHE

Mrs. Jules S. Bache, prominent in New York society, has received a rarely given Belgian war medal for her work for the "War Babies' Cradle."

Some Corn Stalk.

At the Gardiner railroad station there is a corn stalk measuring 13 1/2 feet in length. It grew in the field of John Carlin, Sr.

Red Cross Sewing.

There will be sewing in the Red Cross work rooms this evening.

Antiquity of Gloves.

Gloves are of great antiquity, having been worn in England as long ago as in Saxon times. Practically the only change which there has ever been in styles of gloves has been in their decoration. Sometimes they were richly adorned with jewels, 55 having been paid for a pair in the fourteenth century.—St. Petersburg Times.

Books That Prove.

There are hundreds of books, each one of which, if read, really assimilated by the person to whom it happens to appeal, will enable that person quite unconsciously to furnish himself with ammunition which he will find of use in the battle of life.—Roosevelt.

OPTION ON TURCK MILL.

Out of Town Concern Secures 30 Days' Option.

The mill property on the Strand in Ponckhekie owned by William J. Turck may be bought by an out of town concern for industrial purposes. Thursday a representative of the concern secured a thirty days' option from Mr. Turck. The property on which the option is taken does not include dockage front. Mr. Turck stated today that he did not feel at liberty to divulge the name of the concern, but that if the deal went through it would be a valuable acquisition to the industrial life of the city.

George Case Reopened.

At the hearing before Deputy State Industrial Commissioner W. A. Abbott, at the court house, Tuesday, the claim of Halwick D. George of Denning, for compensation for injuries sustained while employed as a lumberman, which matter had been closed, was on the application of Judge William D. Brinnier, Jr., reopened, and after hearing the testimony of the attending doctor and of claimant, an award of \$218.14 was made and the case closed.

STEEL FIRMS SIGN AGREEMENT

By Telegram to The Freeman.
Pittsburgh, Pa., Sept. 19.—Three
large independent steel concerns
have already signed wage agree-
ments with the Amalgamated As-
sociation of Iron and Steel Workers
and others are negotiating with the
union, according to a statement
given out this afternoon by William
Z. Foster, secretary of the national
committee which has the steel
strike in charge.

Italian Admiral Seized.

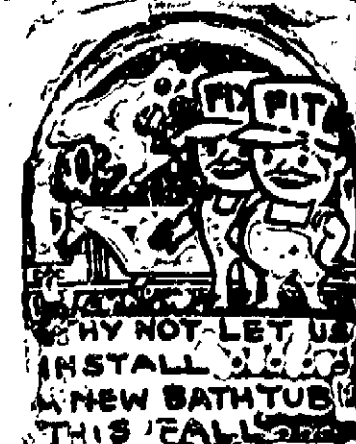

By Telegram to The Freeman.
London, Sept. 19.—Admiral
Cazenova, of the Italian navy, who
arrived at Fiume to take back the
ships which had joined Gabriele D'-
Annunzio's forces of occupation, has
been seized by D'Annunzio, said a
Paris dispatch to the Daily Express
today.

The Temperature.

The lowest point registered by The Freeman's thermometer last night was 46 degrees. The highest point reached up until noon today was 66 degrees.

Weather Forecast.

Washington, Sept. 19.—Rain to night and Saturday, warmer to night; southerly winds slowly increasing.

THE JOINERS.

News of Interest to Members of Fraternal Societies.

The following lodges hold regular meetings this evening:

Wawarsing Tribe, No. 223, Improved Order of Red Men, at 5 Railroad avenue.

Charles DeWitt Council, No. 91, Jr. O. U. A. M., 14 Henry street.

Kingston Chapter, No. 155, Order of the Eastern Star, Masonic Hall, East Strand.

Arrangements have just been completed for a pilgrimage and fraternal visit to Triune Lodge, No. 72, F. & A. M., of Poughkeepsie, by Kingston Lodge, No. 10, of this city on Wednesday, September 24. A special steamer of the Central Hudson Steamboat Company will leave the dock at Ferry street at 5:15 p. m., and on return will leave Poughkeepsie after the lodge session. Kingston Lodge, No. 10, will work the degree for Triune Lodge on Kingston's candidates. A large delegation of Kingston Masons will make the trip. All members of Roundout Lodge, No. 343, are cordially invited to go.

A Musical Puzzle.

By Telegram to The Freeman.

New York, Sept. 19.—During the official reception of Admiral Conz, of the Italian navy, at City Hall, the band struck up "Annie Laurie" and one patriotic citizen thinking it was the "Star Spangled Banner" took off his hat. Nearly every one else in the crowd followed his example. Now the leader of the band is mystified:—was it the playing or the ignorance of the people.

VETERANS WANTED ON POLICE FORCE

Boston is Advertising For Them—Strikers Abandon Active Efforts—General Strike Still Under Discussion.

By Telegram to The Freeman.

Boston, Sept. 19.—Launching of a vigorous campaign to recruit a new police force to be composed entirely of veterans of the world war, decision against an appeal to the courts by attorneys for the strikers, announcement of a meeting tonight of the "committee of 17" of the Boston Central Labor Union to discuss plans for a general strike and trial of 28 more members of the Metropolitan Park police on charges of insubordination in failing to take the places of striking Boston officers were the chief developments today, the eleventh day of the Boston police strike.

Newspapers all over the state today carried advertisements inviting war veterans to take an examination for the Boston police force. That Boston's striking policemen have practically given up all active efforts to secure reinstatement and if the men are returned to their old jobs it will be through the efforts of other labor bodies, was the interpretation placed in most quarters today in the definite statement of counsel for the union that the status of the patrolmen on strike will not be taken to the courts.

SOCIETY NOTES.

The ladies of the Twaitskill Club will hold the regular reception at the club house on Saturday afternoon of this week. Mrs. John Rodie, Miss Cora O'Neil and Mrs. David Terry will be the hostesses.

Engagement Announced.

Mr. and Mrs. Nathaniel A. Houghtaling of Springfield, Mass., announce the engagement of their daughter, Jane, to Emory Albert Stone of Boston and Chicago. The wedding date is set for Tuesday, October 4, 1919, and will take place in Springfield.

Hasselmann-Bigelow.

Frank Hasselmann, Sr., proprietor of the Exchange Hotel in Catskill, and well-known hotel man, and Mrs. Della Bigelow, widow of the late Joseph Bigelow, of West Main street, were married on Tuesday afternoon, at 3:00 o'clock at the home of Mr. Hasselmann's nephew and niece, Mr. and Mrs. Ernest Tiffany, William street. Mrs. Harry Diedling was bridesmaid for Mr. Bigelow and Ernest Tiffany acted as best man for Mr. Hasselmann.

McEnelly Singing Orchestra Here.

The E. J. McEnelly's Singing Orchestra, the most popular one in the eastern states which is playing every night in the year to crowded houses, will open the dancing season in Kingston Wednesday evening, September 24, in the state armory. The

reputation of this orchestra is known to all and should there be anyone who has never danced after their music they should be at the state armory Wednesday evening, September 24, and see the reason why this orchestra has built up such an enviable reputation. They are all soloists and A-1 musicians, and their team work is what rounds out and makes all complete their musical ability and success as a dance orchestra. Concert 8 to 9. Dancing 9 to 1.

Burgevin-Vosburgh.

Miss Marianne Vosburgh, daughter of Mrs. Eleanor Vosburgh, New York city, was married to George David Burgevin, son of Mr. and Mrs. Julius Burgevin, of The Bronx, formerly of Kingston, now landscape architect for the New York city park department, on Saturday, August 30. The groom is a nephew of George and David Burgevin, the florists. The ceremony was performed at St. George's Church, East 16th street, the Rev. William H. Gibbons, officiating. Mr. Burgevin for a time was employed at the Kingston National Bank. During the world war he was a member of the Naval Reserves. Since being discharged from the service he has been connected with the Harolds Motor Co., in the sales department of the Pierce-Arrow auto cars.

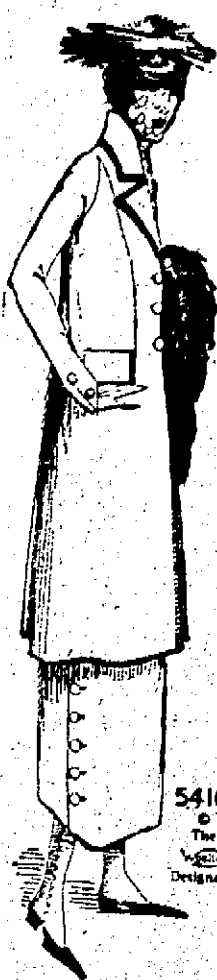

Some Pouchhookie Potatoes.

William Berryman of No. 27 Lindsay avenue raised a fine potato crop this season and some of his choice potatoes are on exhibition in the show window of the Candfield Supply Company on the Strand. The largest weighs one pound and nine ounces while two others tip the scales at one pound and five ounces and one pound and seven ounces respectively.

Whiteport Notary Public.

Henry D. Fagher of Whiteport has been appointed a notary public in and for Ulster county by Governor Alfred E. Smith.
